

SATURDAY SHOW-TIME

“Everything is theoretically impossible, until it is done.” – Robert A. Heinlein

Schools are frequently underestimated as theoretical labs where the children are imagined to be always either mugging up loads of pages or ignoring the facts of life.

We, at RKLGIS, love to break this myth and work with our students to explore till horizon.

👉📅 This **Saturday** on **9th January 2021**, ⌚ between **10 am to 11 am**,

we want to share this experience with all RKL GALAXY young warriors, parents, friends & family and anyone who want to be a part of it.

Please join online with us at Please join online with us at
