“It is a great feeling to be part of the carnival or just watch it with so many people”

RKL Galaxy International School had organized Carnival on 21st December i.e. Saturday 2019. School management and teachers put in a lot of efforts in organizing the carnival. They began with the preparation months before the carnival and came up with various innovative ideas. Teachers worked with dedication to make this event a great success.

Big posters were made and several craft items were made to decorate the school campus.

A number of stalls were set for the entertainment of visitors. Some of these stalls had interesting games mostly involve single player. These games were selected to boost intelligence, analytical skills serving mouth-watering, delicious food. These stalls attracted a large number of people and were appreciated for their amazing food and quick service. Live cartoons attracted the children and entertained them. Selfie corners were put up for parents and students to capture beautiful memories of the carnival.

All in all, school carnival was full of fun and entertainment.
